ANNOUNCEMENT.

FOR REPRESENTATIVE.

We are authorized to announce Walter Sharp, of Harbottle, as a candidate for Representative from Harbottle and Harbottle counties, subject to the action of the Democratic party.

Each of the other big nations is now wondering how it would fare in a naval war with the United States.

The old Commonwealth is now \$25,000 in debt and has \$400,000 in the State treasury. Not a share compared with other States.

Major Weaver, of Philadelphia, is giving no quarter to the demand for gratuity. It may be that a selfish will emerge from the war to be a pattern for other municipalities in reformation of government.

An ex-cavalier at Paris shot a bomb at the poor little King of Spain while the King and President Combes were entering the Opera house. His death would have been no perceptible difference in the political world.

The U. S. Treasury Department officially classifies imported drugs as poultry and collects duty accordingly. Doubtless Uncle Sam needs the money. Perhaps the thought that he is a tax on the people has been a trifle too much for the people.

There may Uncle Sam be actual it become some that anxious about the "Yellow Peril." That's hardly fair to the Japanese. There are so much more sensibly than white folks so far in the war that good, sound sense may be found with them.

The Car answers the agitation for reforms in Russia by conferring a reward on Gov. Gen. Trepoff in return for his services to the people towards freedom. The Russian people will better their condition only by abolishing the ruling classes in general reforms.

President Roosevelt practically tendered his good offices to the Car in bringing about peace between Russia and Japan. But it is such a way that he can not be humiliated by a rebuff. The Car doubtless would be willing to make peace provided he could be assured that he would retain his autocratic job.

The light thickness for the control of the Equitable Life Assurance Society's nearly a half billion of dollars. Wall Street brought up worse than it has been since the Northern Pacific corner a few years ago. Alexander H. Hyde, from fighting each other, found forces. The policy holders need to be in the background.

Onas J. HOFFMANN, of Baltimore, succeeds Paul Morris as president of the Maryland Automobile Association. He is a grandson of James H. Hoffmann, a big business man, and a big business man, and a big business man.

John Tackett and family, of Flat Creek, and John Markland and family, of Owingsville, are guests of F. F. Tackett and family Sunday.

P. N. Moore, of St. Louis, was here on business Thursday.

Robt. Horns and wife came Friday to visit his father.

Harrington and Horton young came Saturday to visit their brother Clyde.

Mrs. Ollie Copher and Mrs. Kate Costigan visited friends in Owingsville Monday.

C. H. Graves returned Wednesday from a visit to friends at Boston and New York.

Mrs. George Warner and son Baby Swartz went to Owingsville Saturday to visit their father.

Henry McCarthy returned Thursday from Georgetown, Ill., where he had been for four years.

Mrs. Nettie Johnson, of Orange City, was guest of her sister Mrs. B. O. Irvin several days last week.

Mrs. Carrie Nixon and Mrs. Robert Nixon and Mrs. W. C. Costigan and wife Thursday.

Will Gray came in last Thursday from a visit to his wife and son who were in the hospital on May 30. Gray died of consumption. The body was taken to the body bed for burial at Hillsboro. She was a Miss Stout of that place.

Another sensational move was made against the Harbottle party when James H. Harris, alias Harris and B. F. French were arrested at Harbottle on the charge of complicity in the murder of J. B. Harris. Ed Callahan was arrested in Harbottle county, and, without examination, was released on \$5,000 bond. The others were taken to Jackson to give bond before Magistrate Combs.

President Francis Patton, of Princeton Theological Seminary, has created a sensation by saying: "I have in my mind, right living race, who has \$400,000,000, and can teach Sunday school regularly and drive a hard bargain every week, always keeping just within the range of the law. If I were asked what I thought of such a man, I would say he was lucky not to be in jail."

If this sort of thing will make it unpopular to be a multi-millionaire.

Admiral Roosevelt took 33 warships into the battle with Admiral Togo's fleet. All of the large or Russian vessels were sunk or captured. So far only six Russian vessels are known to have escaped: a cruiser and two torpedo boats, three cruisers to Manila. The Japanese lost only three torpedo boats. The battle of the sea of Japan was the greatest sea fight of modern times and met all the conditions of war of the experts in the almost total destruction of the Russian squadron with slight loss to the Japanese.

Something (supposed to be a rat) bit Mrs. Spurlink on the hand Tuesday night, making an angry and painful wound.

Miss Ann Spurlink is on the sick list. We regret that she was unable to take part in the Child Day exercises.

Married, at the home of the bride's sister Mrs. Charles Dwyer, Wednesday, May 31st, Mr. Walter Williams and Miss Jennie May. Children's day was a success. A large audience and good order. The contributions for Foreign Missions amounted to something over the appropriation.

Moore's Ferry. The date and corn crops are looking like a good crop.

F. C. Kimball has been poorly the past week, threatened with fever.

Boone Ingram, who has been poorly for some time, is doing no good.

A good many have been fishing the past week, but did not have any luck catching any.

Sid Serrell, of Hillsboro, came over last week to work for his brother Walter in the corn crop.

Several people from Fleming county attended church at Jones' Chapel Sunday; also some from Salt Lake.

George Kneisk and wife went to Hillsboro, Ky., for their son, to see Mrs. Kneisk's father, who took seriously ill Friday and died Saturday morning. He was about seventy years old.

West End. Corn has come up exceedingly well.

Richard McNeil bought a horse of Mrs. Kneisk for \$60.

Mr. K. K. Kneisk visited his sister Mrs. Lane, of Olympia, this week.

Mr. W. P. Pierson (old Whetstone), of Winchester, was here trying to employ a valet.

Died, May 27, 1905, Mrs. Ann Arledge, who leaves a husband and three children and a host of friends to mourn their loss. The bereaved have our heart-felt sympathies.

Good prospects: Peaches now; apples half crop; potatoes will be about 40 per cent. below the average; corn crop is light; "bar" a heavy crop of young chickens; birds on high land are showing large broods; squirrels are abundant; bees are doing fairly well; garden are generally backward.
